

# WASATACH CAMERA CLUB: FIELDTRIP REPORT

November 4th, 2009

## Fire Training

On a chilly November evening, a number of club members gathered at the Tesoro Fire Training facility in north Salt Lake to capture images of fire fighters in action during a training event. This was a unique photographic experience for most of us, with dramatic (and challenging) combinations of lighting and action. Thanks to all who participated, including Deanna Thompson, Brian Jaworski, Steve Joyce, and Keith Hill who all submitted images for this report. Special thanks to Steve and Jeaneal Sumsion for providing this opportunity and serving as gracious hosts, along with the rest of the fire crew at Tesoro!
